

ANGEL TREE 2022

Adoption Partner Wishlists

Thank you for your interest in donating to a local adoption partner. Find your local center below and check out the wish list items that are being collected for their local adoption partner. Some centers are still in the process of connecting with a local partner, but will be collecting items in the meantime to later be donated. We have included a **generic wish list** (at the bottom of this document) of the most popular items that our partners have needed. Thanks again!
